Subject Village of Laurelville grant

Lula Spruill,

Good morning, my name is John Conrad - I am the Mayor in Laurelville, Ohio. I began my term in January 2004, and Jean West (former Mayor) did give me all information pertaining to the grant. Upon my taking office, I immediately began experiencing problems with someone "breaking in to" my desk (that was located in a central location with several people having access). I could never find anything missing, but was obviously quite concerned with the events that were taking place. I made a very quick move in to an old room that was no longer in use in the municipal building, and that became the Mayor's "private" office with only me and a select few others having access. By now you are wondering how this is any of your concern, right? I cannot find any paperwork pertaining to the grant, I know I had it, maybe it was stolen, maybe misplaced in the move. Would it be possible to obtain the "highlights" of the grant from your office? I do not expect every document, but when it began, when it ends, amounts available, identified or approved areas to be improved, etc. I sincerely appreciate any assistance or guidance you can give me.
